### Race Procedures

**PAYOFF:** All series races outside of Star will pay \$1750, 1000, 800, 600, 500, 475, 450, 425 and 400 on down. Cars that just push off to take green and collect last place points will be paid \$250.

**POINTS:** Feature will be 50, 45, 40, 36, 32, 30, 28, 26, 24, 22, 20, 18, 16, 14, 12, 10, 9, 8, 7, 6, 5, 4, 3, 2

**TIRE BUY:** All teams MUST buy 3 tires PER race event. Tires MAY NOT be mixed between Little Webb's and Star Speedway inventory. NO chemical treating of any kind is permitted. Race tires must be used in same event they are purchased for, numbers will be scanned and checked.

**QUALIFYING / LINEUP:** All cars will be qualifying by time trials, order will be determined by chip draw. Top time trailer will get \$200 bonus sponsored by Original Wheelman and a 5 point bonus for season points. Chip will be drawn to determine a 4,6 or 8 invert for feature. Features will be 40 laps in length or Twin 25 races. If two 25 lap race, second feature will be inverted with lead lap cars starting in reverse of finishing order followed by lap cars and then cars that were pit-side.

**TECH:** ALL TOP 5 cars must report to scales immediately after feature event, Top 3 will go directly from victory lane. After scales a designated area will serve as tech. Race officials will have a different list of tech items for each race. Failure to perform this list with tech will be automatic DQ and suspension from next race event, Star or Little Webb's, whichever comes first. Motor may also be randomly pulled for Dyno testing. Failure to do so will result in DQ, loss of points to date and suspension from next 6 race meets, this may result in a combination of both Star and Little Webb's races and a \$250 fine.
